### About Signia

Only Signia combines industry-leading audiology and technology to deliver iconic innovations in hearing to enhance human performance. We put hearing aid wearers first, with products that fit their wants, needs and style. The wearer is at the center of our universe and their needs are woven into our DNA.

For us, this is not about correcting a loss, it's about gaining an edge. Not just performing, but performing at their best.

The information in this document contains general descriptions of the technical options available, which do not always have to be present in individual cases and are subject to change without prior notice.

Signia Active Pro

## Enhancing Human Performance with Signia Active X

You've always thought of hearing aids as their stigma — large, clunky, inconvenient, and a symbol of old age. But, today's technology and advances in design shatter any preconceived notions — so much so, it's hard to tell if someone is even wearing a hearing aid at all. Now, whether you're running errands, on a video conference for work, or lurching at a restaurant, you can finally have a hearing aid that looks great and enhances every part of your day.

Bluetooth Streaming

Instant Fit

Brilliant Sound

Recharge on-the-go

Enhanced Speech Understanding

Automatic Situation Detection

Digital Assistant

Face Mask Mode

## Comfort and convenience

Active combines the advanced technology of a Signia hearing aid with a modern earbud design to empower people to experience more in any situation. The comfortable click sleeves provide a secure fit, combined with exceptional hearing in noise and high-quality bluetooth streaming, to deliver added convenience.

### Sleeves

The sleeves come in four different sizes and a closed and open build version suitable for most ear anatomies and hearing needs.

## The full package

Built on the Signia Xperience platform, users can experience the hearing edge they need no matter where they are. Instant fit and portable charging allows you to to enhance your performance every day.

Never worry about power with a Portable charging case that holds up to 3 days of extra charges on the go. And when charging is required you can simply plug it in or leverage the built-in Qi wireless charging capabilities to place the case on a charging pad to power up!

## Hear better without interruption

- Exceptional hearing in noise
- Natural, personalized sound that automatically adapts for an optimized experience
- Noise reduction technology
- Sound therapy solutions to help distract you from the ringing in your ears (Tinnitus)

## Personal support, at your fingertips

Signia is committed to helping you live your life without interruptions — that means on-the-go support and leading technology all in one. Through Signia's advanced app, users have access to hearing aid controls, streaming capabilities with multiple devices, and so much more.

- On demand support via the digital assistant
- Improved communications when wearing masks at the touch of a button with Face Mask Mode
- Virtual connection to your health care provider for remote care services via Signia Telecare

Compatible with Android and iOS. The app is free of charge.
