REPLICATING NATURE.

The new Pure 13 hearing aids from Signia. Strong performers for a natural sounding own voice and the longest streaming time.
The new Pure 13.

Your natural choice for performance and hearing.

Whether you’re in a meeting, taking an important business call, preparing a presentation or meeting colleagues for lunch, with Signia’s Pure™ 13 you can enjoy the most natural sound experience along with superior connectivity and the longest wearing time while audio streaming from your smartphone and TV.

Maximum energy efficiency
The reliable Pure 13 from Signia provides the longest audio streaming time in its class, so you can keep your head clear for the important things in life.

Fully featured
Packed with sophisticated, state-of-the-art technology, Signia’s Pure 13 offers the most natural sound and highest hearing performance as well as superior connectivity.

For all levels of hearing loss
Mild, moderate, severe or profound hearing loss, Pure 13 tackles all these challenges and gives you back the natural sound of life.
Hear the sound of your own voice as nature intended.

Celebrate a deal with colleagues, give a speech or hold negotiations - Pure 13 from Signia helps you succeed effortlessly.

It lets you perceive your own voice in perfect harmony with your environment. This way, you can enjoy the most natural hearing experience and highest hearing performance, whether you are sitting in the office or traveling to your next meeting.

Please note:
Features may vary depending on the configuration of the individual hearing aid. Your hearing care professional will be happy to assist you.
Enjoy direct streaming of phone calls, music, and TV.

Stream audio from a telephone or video conference directly into your ears, discreetly adjust the volume in a meeting or listen to your navigation app for the fastest route to your business lunch - all you need is your smartphone.

Via the myControl App*, Pure 13 offers you supreme and long-lasting connectivity, throughout the day until your well-earned leisure time.

Telephone
Stream phone calls directly from your Apple smartphone (and with StreamLine Mic from your Android smartphone) to your hearing aids for complete convenience.

Music
Listen to your favorite music streamed directly into your hearing aids from your Apple device (and with StreamLine Mic from your Android device) for an outstanding sound experience.

TV
With StreamLine TV, audio from your television can be fed directly into your hearing aids. You can easily start streaming and adjust the volume by using myControl App.

Remote control
The myControl App lets you change Pure 13’s settings remotely and personalize your hearing aids to suit your individual preferences.

And if you don’t have a smartphone, the miniPocket™ also provides highly convenient remote control.
Further facts and figures.

**Signia tinnitus solutions**
Tune out tinnitus with the unique built-in tinnitus therapies from Signia. Ask your hearing care professional which solution is best for you.

**Colors**
Pure 13's range of natural colors are designed to match a variety of hair and skin tones. Individualize your hearing aids by choosing from a range of elegant options. Available colors vary depending on the model.

Your relaxed journey back to effortless hearing is even easier with the myHearing App* for your smartphone. It lets you familiarize yourself with your new hearing aids in as little time as possible. You can follow special listening exercises, consult the user guide and connect to your hearing care professional on the go.

* Compatible with Android and iOS. The apps are free of charge.
