REPLICATING NATURE.

The new Pure Charge&Go hearing aids from Signia. The only rechargeable hearing aids for a natural sounding own voice and direct streaming.
The new Pure Charge&Go.

Enjoying the great outdoors with friends, conducting long business meetings, listening to your favorite podcast or music - no matter how much activity and work you like to pack into your day, Signia’s longer-lasting Pure™ Charge&Go keeps going with you. True to its name, Pure Charge&Go can be fully charged while you sleep so that it’s always ready to go when you are.

Wireless charging
Together with Signia’s Pure Charge&Go comes the inductive charger: The hearing aids start charging automatically when you place them in the charger and turn on automatically when you take them out.

Small, discreet, sophisticated
Sitting almost unnoticeably behind your ear, Pure Charge&Go is a real high-tech marvel: It offers the most natural sound and highest hearing performance as well as superior connectivity in a sleek design.

For most levels of hearing loss
Pure Charge&Go tackles a wide range of hearing loss from mild to severe and gives you back the natural sound of life.
Hear the sound of your own voice as nature intended.

Enjoy the most advanced, intuitive and reliable hearing aid - Pure Charge&Go from Signia. Whether you are catching up with close friends or negotiating with business associates, these innovative hearing aids deliver the most natural sound quality.

Coupled with the convenience of never having to change batteries and high quality stereo streaming of TV audio, music, and phone calls via Bluetooth, Pure Charge&Go is the ultimate hearing aid.

Hearing your own voice
Many hearing aid wearers do not like the sound of their own voice as it sounds loud and unnatural. As a world’s first, Signia’s Pure Charge&Go solves this: Its OVP™ (Own Voice Processing) provides you with a natural sounding own voice combined with optimal hearing of all other sounds for the most pleasant, natural listening experience.

Speech in noise
Thanks to its Speech Quality, Pure Charge&Go enables you to hear speech clearly in all situations through advanced noise suppression technologies. This makes it easier for you to understand your conversation partner in very noisy environments such as a restaurant or a conference.

Conversation while moving
The 3D Classifier of Pure Charge&Go provides optimal hearing of your own voice and your acoustic environment even when moving - it automatically adjusts the settings based on the myControl App’s motion data.

Crystal clear sound
Pure Charge&Go’s Sound Clarity offers the most natural, lifelike sound in all environments.

Please note:
Features may vary depending on the configuration of the individual hearing aid. Your hearing care professional will be happy to assist you.
Enjoy direct streaming of phone calls, music, and TV.

Stream music in high quality stereo straight into your ears, discreetly adjust the volume to suit your wishes while watching your favorite TV show, or hear a phone call at the push of a button.

With Pure Charge&Go you have discreet and convenient remote control and premium Bluetooth connectivity for audio streaming from various sources at your fingertips - all you need is a smartphone.

Telephone
Stream phone calls directly from your iPhone (and with StreamLine Mic from all smartphones) to your hearing aids for complete convenience.

Music
Listen to your favorite music streamed directly into your hearing aids from your Apple device (and with StreamLine Mic from any device with Bluetooth) for an outstanding sound experience.

TV
Stream audio from your television directly into your hearing aids with StreamLine TV.

Remote control
Change Pure Charge&Go’s settings remotely using the myControl App™.
